DAY 2 - MONTEVIDEO - PUNTA DEL ESTE

Breakfast at the hotel

Full-day Tour Punta del Este and Casapueblo Museum

Duration: 8:30 hrs approx.

A mere two hours and 85 miles away up the coast from Montevideo, Uruguay's highly praised Punta del Este is found. Many jetsetters come here seeking a short getaway on white-sand beaches and luxury living. Discover Punta and a handful of other beachfront communities on this full-day sightseeing excursion. First, stop at Portezuelo and Punta Ballena, hidden on a bluff overlooking the ocean. You will also stop for a photo opportunity at Casapueblo, the former home of famed Uruguayan artist Carlos Paez Vilaro who passed away in February 2014. The dazzling white complex, resembling Spanish Moroccan architecture, sits on a rocky bluff overlooking the ocean. Vilaró built it in 1958 with his own two hands, using only traditional tools. Narrow steps lead to a maze of rooms scattered on different levels and filled with the artist's works. Entrance to museum is included.

Your next stop will be Punta del Este. Although the resort's colonial architecture has been largely replaced with high-rise hotels and apartments, its residential areas are still graced with elegant beachfront homes and mansions nestled among the tall pines lining the shore. Your next destination is La Barra and its unique hanging bridges. Merrily painted buildings and its cement camelback bridge create a carnival-like atmosphere and is a sight to behold. You will drive downtown where lunch will be served at a local Punta del Este restaurant (optional, not included). If you have time to spare, you will be able to enjoy free time to explore on your own.

Walking involved: this excursion involves going up and down narrow steps inside Casapueblo.

NOTES: The order in which we go to the different destinations may change to avoid and alleviate traffic jams. The timetable may vary slightly depending on traffic (+/- 15 minutes). The timetable could also be affected by public holidays and/or unforeseen circumstances. We recommend guests wear light clothing, sunscreen, a hat and flat comfortable shoes and bring water.

DAY 3 - MONTEVIDEO - COLONIA DEL SACRAMENTO

Breakfast at the hotel

Full-day Colonia del Sacramento

Duración: 8 hrs.

Leave Montevideo towards Colonia del Sacramento. You will start with a tour of the surroundings by vehicle. You will pass through the "Rambla" of Colonia, place of spectacular sunsets; Real de San Carlos, the old bullring of Colonia; San Benito Chapel; and the Mihanovich complex, among other historical places in Colonia.

Continuing with the Old City Walking Tour, you will indeed explore and wonder through the cobblestone streets of Old Town Colonia by foot, becoming enchanted with history. Colonia del Sacramento was founded by the Portuguese in 1680, a time when Spain and Portugal were in the midst of conflict. Today, peace reigns as the Old City closes a door onto days long gone, retaining a charm that will be well appreciated on your guided walk.

Matriz Church, Bastión del Carmen, the streets of Santa Rita and San Gabriel and the area of San Pedro Road all beckon with their colonial architecture and flower-bedecked buildings. Calle de los Suspiros, or Street of Sighs, has set the scene for historical films, while Puerta del Campo and Plaza Mayor 25 de Mayo also bring the past into the present, tangible symbols of historic events and enduring traditions. Colonia is a truly delightful place, with its architectural treasures complemented by the natural beauty of its surroundings. The Uruguay River and historic landmarks such as the cathedral, San Carlos bullring and lighthouse offer a magical mix of scenic beauty and cultural significance. At the end of the walking tour, there will be a stop for lunch, shopping or to walk around the city by yourself.

After the tour, you will be dropped off at Port to take the ferry to Buenos Aires.

Includes: *Walk: moderate, it is not extensive but you will find cobblestone streets during the walking tour.*

NOTES: The order in which you go to the different sites may change to avoid and/or alleviate traffic. The schedule may be modified depending on traffic (+/- 30 minutes). Why Uruguay?

The Eastern Republic of Uruguay is located in the southeast of South America. It stands out in Latin America for being an legalitarian society, for its high per capita income and its low levels of poverty. Its innovative legislation places Uruguay as one of the most advanced countries and with one of the largest GDPs in Latin America, where it is very safe to invest.

Uruguay produces almost a third of the world's Tannat wines and has more than 180 wineries that produce several types of world-winning wines. Its location can be considered privileged, with a climate that facilitates the growth of natural pastures in its fertile and well-irrigated soils. Not in vain, a country with 3,500,000 inhabitants has more than 11 million heads of the most select livestock in the world in its fields.

Atlantic coasts, paradisiacal beaches, large number of lagoons, spas where the international Jet Set spends their summers, the Santa Lucía River Wetlands, the Litoral Hot Springs, the Cabo Polonio Dunes, wetlands, palm groves, native forest, protected areas and the historic center Colonia del Sacramento, declared a World Heritage Site, are some of our destinations.

Uruguay is the country with the longest Carnival in the world, where unforgettable experiences are lived, where you dance the tango, play the drum, drink mate, and enjoy!
